EDUCATION

University of Moratuwa
Faculty of Information Technology
BSc (Hons) IT Undergraduate - 3rd Year

Mahinda Rajapaksha College
2014 – 2022
G.C.E. Advanced Level: Maths Stream - AAB
District Rank 150 · Z-Score 1.7792
G.C.E. Ordinary Level: 9 A's

TECHNICAL SKILLS

Languages
Java · JavaScript · C/ C++

React · Tailwind CSS

Node.js · Express.js · Nest.js

Database & Cloud
MongoDB · Firebase

Auth & Payments
JWT-OAuth(Google/Facebook) · Stripe ·

Tools & Deployment
Git/GitHub · Vercel · Railway · Netlify

LANGUAGES

English-Professional Proficiency

REFERENCE

Gihan Darshana - 076 4663270
Nipuni Chandimali - 071 0792617

PROFILE

Third-year IT undergraduate at the University of Moratuwa with hands-on experience building and deploying full-stack web applications using the MERN stack, Nest.js, and Firebase. Comfortable working across the stack - from REST API design and authentication to responsive React interfaces - and experienced leading a student development team from concept to deployment. Detail-oriented, organised, and eager to bring academic knowledge and practical technical skills to a professional software engineering internship.

PROJECTS

MedicareX - Online Pharmacy System *Second-Year Group Project · Team Leader*
Tech Stack: React, Tailwind CSS, Nest.js, Firebase · deployed on Vercel & Railway

- Developed a full-stack web-based pharmacy management system connecting customers, pharmacists, suppliers, and administrators. The platform supports online ordering, prescription management, inventory and supplier management, purchase orders, payment tracking, loyalty programs, and AI-assisted sales forecasting and analytics.
- Technologies:** React, Vite, Tailwind CSS, NestJS, TypeScript, Firebase/Firestore, Firebase Authentication, Axios, Cloudinary, PayHere, OpenAI/Groq, Pinecone.
- My Contribution:** Developed key Admin and Supplier Dashboard features, including inventory and order monitoring, supplier purchase-order workflows, payment tracking, sales forecasting with AI, stock-risk analysis, and supplier management features.

Live Demo: [innovatexuom.vercel.app](#)

DigiX - E-Commerce Platform *Personal Project · Sep 2025*
Tech Stack: React, Node.js, Express, MongoDB, Passport.js, JWT · PayHere payment gateway

- Built a full-stack e-commerce platform with a React front end and an Express/MongoDB REST API covering authentication, product catalogue, and cart management.
- Implemented Google and Facebook OAuth login via Passport.js alongside JWT-based authentication and role-protected routes.
- Integrated the PayHere payment gateway to handle checkout, and designed Mongoose schemas for users, products, and carts.

PetShop - E-Commerce Platform for Pet Products *Personal Practice Project*
Tech Stack: React, Node.js, Express, MongoDB, Mongoose

- Developed a full-stack e-commerce platform with 23 RESTful API endpoints across five modules (users, products, orders, contact, subscriptions).
- Designed a recurring subscription module for scheduled product deliveries and built a responsive React front end with Context API for global cart-state management.

Personal Portfolio Website *Aug 2025*
Tech Stack: React, Tailwind CSS, React Router, React Icons

- Designed and developed a fully responsive personal portfolio site with smooth-scroll navigation and dynamic active-section highlighting to showcase academic projects and technical skills.
- Configured and deployed the site to GitHub Pages, including a mobile-friendly hamburger menu and scroll-to-top functionality.

VOLUNTEER EXPERIENCE

IEEE Student Branch — University of Moratuwa

- Member*
- Open Week 2025 - planned and coordinated student activities.
 - Robotic Day - managed event logistics and participant coordination.
 - MERCon 2025 - served on the Logistics Committee for an international IEEE conference.
 - Rise Up Mora - acted as Company Coordinator, liaising with partner companies.

IEEE WIE (Women in Engineering) Affinity Group — University of Moratuwa
